

REMARKS/ARGUMENTS

Favorable reconsideration of the present application is respectfully requested.

Claims 1, 3, 4, 6 and 9-11 have been allowed. Rejected claims 2, 5, 7 and 8 have been cancelled. All of the remaining original claims have been allowed.

New Claim 12 is based on allowed dependent Claim 9 rewritten in independent form, but does not recite the illuminating lamp, or that the control means stops the engine under a condition that the illuminating lamp is turned off. This is not believed to affect the patentability of the claimed subject matter.

Applicants therefore believe that the present application is in a condition for allowance and respectfully solicit an early Notice of Allowability.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
